

VOIDEMOLITION

(Voidemolition)

Techrider 2022

Lineup:

1. Main Vocals - David Dannenberg
2. Guitar (Git 1) / Backing Vocals - Timo Gerhardt
3. Guitar (Git 2) - Björn Dröse
4. Bass / Backing Vocals - Richard Hetze
5. Drums - Dominik Wietrzykowski
6. Samples from In-Ear-System

Vodemolition only provides the microphones as listed in Table 0.1. We do not bring any stands or XLR-cables. The output of our Splitt-System is organised in XLR-Multicores (labeled & patched as written above) which can be plugged directly onto the house stagebox/sounddesk.

Table 0.1: Patchlist

Staging information:

- we use our own In-ear System, so we don't need a monitor mix on stage
- we bring two (2) risers to use on stage
- we bring a 4 m x 2 m backdrop

General requirement:

- Stage, PA and lights have to be constructed and fully functional before the crew arrives.
- Before and throughout the show a professional in-house technician is needed for wiring the stage, supervision of PA and lights.

PA:

- The pa system should be powerful enough to reach a sound level of 115dB SPL at FOH.

What we definitely need:

- Every needed stand for mics

Catering rider and additional information

- minimum two (2) 0,5 L bottles of water for each member available on stage
- a warm dish or similar available before / after the show depending on stage time
- travel party is at least seven (7) people unless noted otherwise
 - band consisting of 5 band members
 - audio engineer staff consisting of at least one (1) member
 - merch staff consisting of at least one (1) member, if needed two (2) members
- we have one (1) vegetarian
- a parking place near the venue for a car (4,8 m x 2 m) plus trailer (3 m x 1,6 m)
